Hello Alie,

I just wanted to let you know our position before the conference call. We do not contest that the material is hazardous. We contest your designation of the PPE that you are requiring us to use as the manufacturer.

I have attached SDS's of the Ex. 4 CBI that we are using as well as Ex. 4 CBI Ex. 4 CBI for comparison to the Ex. 4 CBI classification you have been citing. Also, I have attached a SDS of Ex. 4 CBI, which is a similar product currently available to the industrial coating industry by one of our competitors. For convenience, I have attached the SDS we have provided for our product.

Again, we appreciate the opportunity to have this discussion.

Regards,

Kevin
